

Astronomer Application Form

Project ASTRO Appaloosa
Washington State University

We ask that astronomers commit to at least four visits with their teaching partner's group (many volunteers do more). Most visits will be during the school day. By applying to Project ASTRO Appaloosa I am expressing the willingness to make such a commitment and to attend the Teacher Training workshop. This workshop will be held August 9 & 10, 2007 at the WSU campus in Pullman, WA. Please return the application form before July 15, 2007 to:
Project ASTRO Appaloosa, Department of Physics and Astronomy, Washington State University, Pullman, WA 99164-2814.
For more information visit our website at <http://astro.wsu.edu/appaloosa/>.
